

## Technical Specification

|                                       |   |
|---------------------------------------|---|
| Compatibility and Technical Standards | Not Applied   |
| Type and Function of the Connectors   | Block Connectors:<br>6 Way 5,08 mm x 2 (Connect to the Product - Functioning as Sensors: CA e CC);<br>5 Way 7,62 mm (Connect to the External Power, Functioning as Power Source). |
| Cable Specifications                  | Section of 1,5mm <sup>2</sup> 450V  |
| Transmission Rate                     | Not Applied   |
| Power Supply                          | Three-Phase (3F + N + T)  |
| Dimensions                            | Power Supply CA: 40cm; CC Sensors (Door Opening): 70 cm   |
| Bidirectional Communication           | Yes   |

|  |                                     |
